## MANAGED IT SERVICES TIPS APPROVED

### **Visual Edge IT is TIPS Approved**

TIPS (The Interlocal Purchasing System) Texas Education Service Center Region 8 has approved Visual Edge IT for TIPS RFP 181201 Data Backup and Disaster Recovery.

### **Don't Let a System Failure Shut Down Your Organization**

Our continuity solution is designed to quickly revive your network and have your employees productive again in almost no time. It automatically backs up your vital data as frequently as every 15-minutes. If there's a problem, files can be restored in about 30-minutes, or if needed, our system can take over as a virtual server to resume operations until bigger network issues can be resolved. And in a worse-case disaster scenario, remote server backup is available to keep your files and data safe and secure.
