Visual Edge IT is your full-service IT provider. Our managed IT services cover a full spectrum of technology solutions including remote monitoring and management of your networks, 24/7 service desk support for users, and business continuity solutions to ensure your company is prepared for any possible disruption.

### HAVE YOU CONSIDERED...

...nearly 88% of today's malware can morph to avoid detection by signature-based antivirus solutions?  
...92% of malware is delivered by email?  
...one in five outgoing emails contains content that poses a legal, financial, or regulatory risk?  
...in 2016, 60 percent of all targeted attacks struck SMB organizations?  
...95% of breaches are human error?

...90% of remote code execution attacks are associated with cryptomining?  
...56% of IT decision makers say targeted phishing attacks are a top security threat?

### Bottom Line

In today's environment, you need security systems beyond traditional antivirus protection/firewall and a team to oversee those systems!

# SECURITY SOLUTIONS

## OUR ADVANCED SECURITY SOLUTIONS INCLUDE

### MSA + ADVANCED SECURITY

Annual comprehensive security risk assessment security portal

Employee security training

Security policies and procedures written for your organization
