Michael Mills Joins Visual Edge Technology on January 1, 2018

Visual Edge Technology Inc. announces the additional of Mr. Michael Mills to head up all aspects of corporate administration for the company.

North Canton, OH — January 30, 2018 — Michael Mills, a recognized business expert of the Offices Technologies Industry, will assume the position of Vice President of Administration at Visual Edge Technology.

Mr. Mills brings 35-years of extensive Administrative, Financial & Operational leadership to Visual Edge Technology. In this role, Michael will be involved in strategic planning, process management, systems analysis and implementation, real estate management, project management, compliance management, Human Resources, database management, and corporate marketing strategy. In his capacity, Michael will report to Austin Vanchieri, CEO and Chairman of the Board.

Most recently prior to joining Visual Edge Technology, Michael was CFO of FlexPrint, LLC headquartered in Mesa, Arizona where he led a 3-year transition from a single owner to a private equity owned group Oval Partners. Prior to that, Michael was involved in Executive Leadership positions with Nevill (Kyocera), DOCUmation, Imagine Technology Group, Danka, and MWB Business.

Mr. Vanchieri commented, "Visual Edge Technology is very proud to have an individual the caliber of Michael Mills join our organization as we are experiencing exponential growth through independent office technology businesses joining the Visual Edge Strategy. His entire career demonstrates the ability to create value and growth with companies he has been a part of in executive leadership capacities."

###

About Visual Edge Technology
Visual Edge Technology, a family of Imaging Solutions Companies, incorporates a strategy of operating through established dealerships across the U.S. focused on providing a broad line of office solutions including the sale and service of automated multifunction products, wide format solutions, manage print services, document management software, network management services, and IT solutions. Visual Edge sells products supplied by Konica Minolta, Canon, Kyocera, Sharp, Samsung, and Muratec. Through its acquisition strategy, Visual Edge will continue to identify successful companies that focus on providing simple solutions to complex challenges.
