## PRINT/COPY SERVICES

We know you can buy equipment almost anywhere, which is why Visual Edge IT focuses on the types of solutions and professional services that make for a lasting partnership.

**Home Office Print** to tailor printer solutions for home workers' needs

### Office Print

- *Copiers and multi-function printers* that combine copying, scanning, printing, and faxing
- *Laser printers*, often the hardest working machines in your office
- *Finishing equipment*, from cutters and folders to booklet makers, trimmers, and shredder

**Print Production**, with a selection of products backed by Visual Edge IT imaging experts

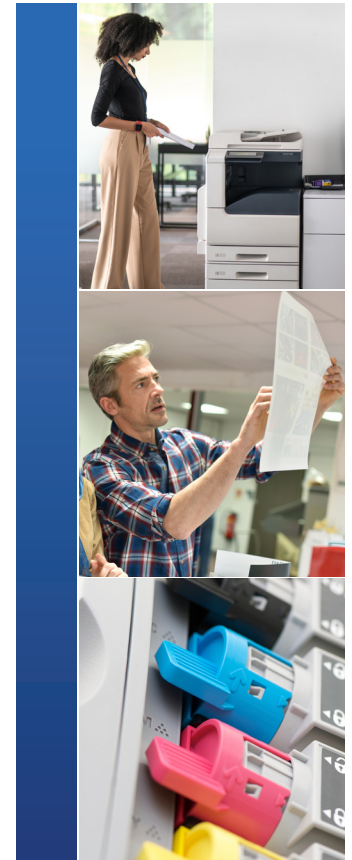

**Wide Format Print**, from several equipment options to support and supplies

**Print Technology** to help integrate printers and MFPs with popular business apps, software, document management repositories and other office tools

**Managed Print Services** that include print monitoring, automatic supply replenishment, and service coverage

**On Demand Service & Supplies**, for businesses that require supplies only intermittently, who order non-contracted supplies, or who place the occasional service call

**Mailing Solutions** that streamline processes in conjunction with your own mail team

## PRINT EQUIPMENT LEASING

Ask us about our flexible leasing options that let your business minimize upfront costs and incur fewer outlays for maintenance on outdated equipment. Leasing also gives you access to higher quality equipment and the latest copy/print technology.

**A single strategic partner. Technology that runs every aspect of your business.**

Let Visual Edge IT help you assess your office technology requirements and implement the precise solutions you need. Contact us to get started.
